## PERSONAL FINANCE 1

## Course Description

The course presents essential knowledge and skills to make informed decisions about real world financial issues. Students will have the opportunity to learn about a variety of personal finance concepts that will help them in their daily lives and provide a foundational understanding for making informed personal financial decisions. This course will focus on checking, savings, types of credit, managing credit, budgeting, and spending. Students will complete assignments from the Next Gen Personal Finance Curriculum. The course content is designed to help the learner make wise spending, saving, and credit decisions and to make effective use of income to achieve personal financial success.

## Prerequisite

None

## Credit Requirement Area

Math

## Learning Objectives
